

Natural Disaster Preparation and Recovery Services

Spend Less Time Sourcing In Crucial Times.

Lakeside Project Solutions is committed to ensuring that things go right, run on schedule, and mitigate risk. However, when things do go wrong, Lakeside is there for you 24 hours a day, 7 days a week, 365 days a year. Lakeside has a proven track record when it comes to response times in the industry. With our rapid response emergency services team, distributed across the US, Canada, and Puerto Rico, Lakeside can dispatch, assess, and repair an emergency within hours.

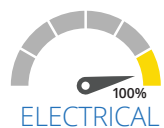

Natural disaster preparation and recovery is a critical service that Lakeside provides for clients. Each of our skilled team members follow exacting protocols established by Lakeside's technical experts to ensure the safety of people and property. Lakeside workers respond with equipment and expertise to provide physical support to first responders as they stabilize client facilities so that repair and reconstruction can begin.
